

The Arlington ISD and Tarrant County College have partnered for courses at the district's new Career and Technical Center, which will open in fall 2017.

The collaboration will:

- Offer technical dual credit courses for most courses offered at the CTC
- Provide a 2+2 degree program, allowing students to graduate from college early
- Allow students to obtain stackable credentials
- Share learning space to create course opportunities for TCC and AISD students
- Create a learning day to include evenings, weekends and summer for technical dual credit
- Mix/combine AISD students with TCC students as appropriate to maximize course opportunities

The CTC will:

- Relieve overcrowding at high schools and allow the district to offer new programs and opportunities
- Allow a greater number of students to take career and technical education courses
- Offer an additional 24 certification opportunities for students, for a total of 39
